

The Points Series

The 2013 Points Series starts next weekend (Saturday 2 November 2013). For newer members here's a quick run down on how it works.

- The Series is made up of 4 events with points and prize money accumulating over the series for a great payout at the final event.
- All facets of road racing are included in the series, namely, a Time Trial, Graded Scratch, Handicap, Hill Climb and finally a high speed Kermese.
- Each event attracts points (10 for 1st down to 1 for 10th in each grade).
- Additionally, everyone gets bonus points for entering starting with 1 point for your first event and rising to 4 points for your 4th event giving a possible extra 10 points for entering all events.
- The final round Kermese also attracts sprint prime points for each grade.
- Unless there is good reason to warrant a change you remain in the same grade throughout the series (A Grade down to F Grade)
- Regardless of your grade, the winner of the series is the person with the highest points total and as well as a cash payout receives the Halswell Accumulator Cup.
- Round 1 (2 Nov 2013) – 8km Time Trial plus 40km Graded Scratch
- Round 2 (9 Nov 2013) – 40km Graded Handicaps
- Round 3 (23 Nov 2013) – 33km Graded Hill Climb
- Round 4 (14 Dec 2013) – 40km Graded Kermese
- For detailed info on each event view either the calendar or the road programme.
